USE DIRECTIONS:

Hot Weather/Moderate to Heavy Work: Feed one serving (2 scoops) per horse twice per day.

Competition: Feed one serving (2 scoops) within 1 to 2 hours prior to competition. Immediately following competition, feed one additional serving (2 scoops).

Cool Weather/Heavy Work: Feed one serving (2 scoops) per horse immediately following competition/training session.

IMPORTANT: It is recommended that fresh, untreated drinking water be provided to ensure proper hydration. Allow the horse to consume water as needed. Please consult your veterinarian or equine nutritionist for further instructions on administering Perfect Balance Electrolite.
