

INGREDIENTS:

Organic Neem Leaf Tea, Neem Seed Oil, Arnica, Pine Bark ,Basil, Chamomile, Cherry Bark

INSTRUCTIONS:

1. Thoroughly wet your horse all over using warm water if possible. Start at the hooves and slowly direct the water up the legs before wetting the body.
2. When the coat is wet, apply a liberal amount of shampoo and work it into the skin and coat in section with a grooming brush, curry or sponge.
3. If you are fighting a skin issue or this is the first time you're bathing your horse with Equiderma Shampoo, leave on for up to 1 hour. This allows the herbs and oils to soak into the skin adding additional benefits.
4. Clean the sheath in your male, the vulva of your mare and around the anus regardless of the gender of your horse. For this, a clean cloth that you save just to wash these areas.
5. Rinse the shampoo until no more foamy residue remains.
6. Dry your horse using a sweat scraper or several clean dry towels. Move it in the same direction as the hair.
7. When your horse is as dry as possible using the above method hand graze in the sun to finish drying.
8. (Optional) For maximum benefit follow with Equiderma Neem Conditioner
