KAUFFMAN'STM

SALT-POTASSIUM MIX

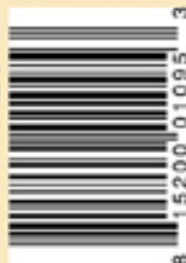

*A Blend of Equal Parts Granular
Sodium Chloride & Potassium
Chloride for Animal Use.*

Net Weight: 20 lb (9.07 kg)

Suggested Feeding Directions:

For use as a supplemental source of salt & potassium for equine. Feed free choice or at an approximate rate of one to two ounces per head per day. An adequate supply of clean water should always be available. Enclosed measure holds approx. one ounce when level full.

Ingredients: Salt, Potassium Chloride and Calcium Silicate (anti-caking agent).

For animal use only.
Keep out of the reach of children.

Store in a cool, dry place and keep tightly closed when not in use.
