Integri-Hoof's™ novel formula delivers the essential nutrients, in the proper balance, that work together to support normal hoof growth and grow strong hooves year-round. It is also an excellent choice to support cracked hooves and maintain hoof walls.

Cold-pressed pellet helps maintain nutrient levels normally degraded by heat in a steam pelleting process.

#1 Recommended hoof supplement out of 28 products tested in 2009 by Horse Journal magazine!

**Feeding Directions:**

Equine- Feed at the rate of three ounces per horse per day. Top dress 1.5 ounces over morning and evening feeding to achieve three ounce daily feeding. Daily feeding may be safely doubled.

Note: Enclosed scoop holds approximately 1.5 ounces when rounded full.
