THE EQUINE PERFORMANCE SUPPLEMENT SPECIALIST™

PRODUCT FACTS: (continued)

For use in horses only.

Recommended to support normal muscle function.

Inosine is a naturally occurring organic compound in plants and muscle tissue. Inosine is used in enzymes that regulate muscular contraction and blood flow.

DIRECTIONS FOR USE:

- Administer 5g (1 scoop) per horse per day for 3 days prior to and the day of training/performance
- Enclosed scoop holds 5g.

WARNINGS:

For animal use only.

Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately.

This product should not be given to animals intended for human consumption.

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.
