CORDLESS  
**TURBO A5**

Animal Clipper, Blue

## Beautifully Built

## Ergonomic, Cordless Design

The cordless, ergonomic design is great for all-day use, with or without the 12-foot cord.

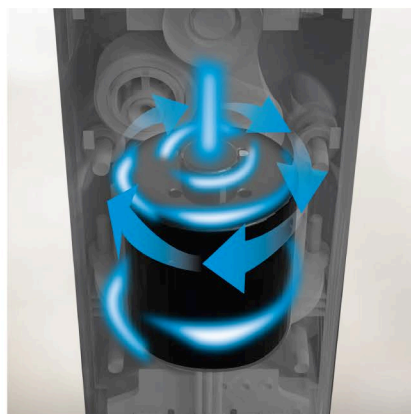

## Adaptive Speed Control

Adaptive speed control automatically adjusts the speed of the motor to maintain power when cutting through dense coats.

## High-Quality, Durable Construction

Built with a high-quality, durable construction, designed to stand the test of time.

## Perfect for Professionals

## Long-Lasting Lithium-Ion Battery

The powerful and removable lithium-ion battery has up to 80 minutes of run time.

## Powerful Brushless Motor with Worm Gear Blade Drive

A powerful, brushless motor with a worm gear blade drive system converts speed into power to easily cut all coat types, including thick or matted.

## Detachable Stainless Steel Blade

The detachable stainless steel blade is designed to stand the test of time and cut easily through even the thickest coats.

## Additional Features

Features 3 speed settings and includes a charging stand, blade grease, blade oil, a #10 blade, and a 12-foot cord.
