**Inactive ingredients:** Natural and Artificial Flavors, Sodium Bicarbonate

**Cautions:** Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

**For use in horses only.**

**Recommended to support and maintain healthy muscle function and metabolism**

**Total Lactic Care** was developed to efficiently release energy from the muscles and reduce muscle fatigue and soreness. Supports increased oxygen uptake, reduced heart rate, and decrease lactate concentrations during exercise.

**Directions for Use:** One packet per day for first 3 days for daily conditioning, then ½ to 1 packet per day for workouts or training. For stress or performance give 1 packet the evening before an event and 1 packet two to three hours before the event.

**Warnings:** For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.
