

**REDUCINE®  
ABSORBENT FOR HORSES**

**INDICATIONS:** For use as an aid in the temporary relief of minor stiffness or soreness caused by daily exercise and training. For topical use only.

**CAUTION:** For external use only. Avoid contact with eyes and mucous membranes. Wash hands after using. Do not use on cats.

**NOT FOR HUMAN USE**

**STORAGE:** Store in original container. Store in a cool, dry place. Do not reuse empty container.

**Net Contents: 16 oz (454 gms)  
Lot No. : See bottom of can**

**WARNING:  
KEEP THIS OUT OF REACH OF CHILDREN  
Do not use on horses intended for food.**

**DIRECTIONS FOR USE:**  
**STIR WELL BEFORE USE.** Do not apply too much Reducine® Absorbent at a time; enough to dampen the skin is sufficient. Clip the hair from the part to be treated and rub Reducine® Absorbent in well either by hand or with a small stiff brush. Repeat this process on succeeding days until the skin shows signs of cracking or scaling. As soon as this is noticed, stop the applications and leave the part entirely alone. Do not use oil or lard as is customary after blistering. If very lame, the animal should be turned out in a paddock, or led about by hand for half an hour twice daily. If not, it should be exercised gently every day, but in no case should it be allowed to stand all day in a stable. For ease of application, warm Reducine® Absorbent if necessary.

Active Ingredients:  
Pine Tar ..... 52%

Inactive Ingredients:  
Soybean Oil, Potassium Hydroxide, Glycerine,  
Sodium Edetate.
