High Efficiency Formula

Also great for pet beds

Net Contents: 16 fl oz. (473 ml)

Saddle Pad & Blanket Wash

Leather Therapy® Saddle Pad & Blanket Wash breaks down heavy stains, protein-based grime, and other contaminants with a high-efficiency formula. It is designed for use on high-tech, waterproof and wool fabrics. Ideal for use on blankets, saddle pads, protective boots, wraps, girths and cinches, and pet beds.

DIRECTIONS FOR USE: Use 1-2 ounces (8-9 pumps per ounce) per load. Do not over-stuff machine. Use warm wash and warm rinse cycles on the regular to heavy-duty settings for everything except wool items. For wool items, use warm wash and cold rinse cycles on the regular setting.

Care Tip: To prevent static and to optimize conditioning, use with Leather Therapy® Saddle Pad & Blanket Rinse.

IMPORTANT: Not for use on items with real leather, such as natural sheepskin pads, or breeches with genuine leather. For these items, use Leather Therapy® Leather Laundry Solution and Leather Laundry Rinse & Dressing.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Keep away from food, drink and animal feeding stuffs. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water.
