

**Pine Tar** is a natural topical antiseptic that retains hoof moisture thereby making the hoof elastic and flexible while promoting new hoof growth.

**DIRECTIONS:** Wash and dry hoof. Apply below coronet band of hoof and hoof wall. As a hoof pack, apply to bottom of hoof prior to shoeing.

**MODO DE EMPLEO:** Lave y seque el casco. Aplíquelo abajo de la banda coronaria del casco y a la pared. Como emplasto, aplíquese abajo del casco antes de herrar.

Consistency of **Pine Tar** will change in cool temperatures. If this occurs, place gallon in a bucket of warm water to soften.

For use on non-food animals only.  
Not for human use.

**CAUTION: IRRITANT.** Avoid contact with eyes and skin.

**FIRST AID:** Eyes - flush with water for 15 minutes. Skin - wash with soap and water.
