## EASY TO USE – JUST ADD WATER

### Calibrated Window Makes Mixing a Snap

Ounces are measured out for you. Just invert the bottle and pour out what you need.

### Mix up a Quart

Pour 3 oz. of Laser Sheen® Concentrate in a quart sprayer, add water and shake.

### Mix up a Gallon

For big grooming jobs, empty entire bottle (12 oz.) of Laser Sheen® Concentrate into a gallon container, add water and shake well. Apply with a fine mist sprayer.

## The Laser Sheen® Concentrate GUARANTEE

We guarantee you'll like Laser Sheen® Concentrate better than ShowSheen®, or any other ready-to-use coat polish, or your money back. Call 1-800-234-2269 for more information.

ShowSheen® is a registered trademark of W.F. Young, Inc.

## GROOMING TIPS

- Spray a fine mist of Laser Sheen® Dazzling Shine & Detangler on your horse's coat, mane and tail until damp. Hand stroke in direction of hair and let dry. Then brush, towel or hand rub coat to finished look.
- Use Laser Sheen® Concentrate every time you bathe your horse to keep him looking clean and shiny up to a week.
- Spray Laser Sheen® Dazzling Shine & Detangler on your horse's mane and tail right after shampooing to keep hair tangle-free and more manageable with no static electricity.
- Several days before a show or other big event, shampoo your horse and apply Laser Sheen® product. This gives the coat's natural oils time to regenerate while the Laser Sheen® product prevents spots and stains.
- On show day, apply Laser Sheen® Dazzling Shine & Detangler to your horse's entire coat for a first place finishing touch.
- Keep a bottle of Laser Sheen® Dazzling Shine & Detangler spray handy for last minute touch-ups right before showtime.
- If your horse's mane or tail gets terribly tangled, use Laser Sheen® Concentrate to work out snarls and knots without pulling out or breaking a lot of hair.
- Apply Laser Sheen® Dazzling Shine & Detangler to white markings to keep those easily stained areas cleaner longer.

## Save & Shine

Give your horse a first-class shine without paying a premium price. Laser Sheen® Concentrate costs less than the price of ShowSheen® and delivers top quality results. Try it yourself and see.

## DIRECTIONS FOR USE:

### Direct application:

Apply 1-2 teaspoons of Laser Sheen® Volume-Enhancing Detangler to your hands and gently massage into wet or dry mane and tail. Comb out in small sections from the bottom up. Continue to apply small amounts until mane and tail appear thick, smooth and radiant, creating the perfect image of beauty.

### Concentrate:

Pour 1-2 teaspoons of Laser Sheen® Volume-Enhancing Detangler into a bucket and slowly add water while agitating. Dunk the tail into the bucket and gently swish, working product in with your hands. Keep tail submerged for 30-60 seconds. Remove excess water and let air dry. Comb out in small sections from the bottom up until tail is full, flowing and mesmerizingly shiny.

To enhance your showring look, bathe your horse with Laser Sheen® Show-Stopping Shampoo and follow with Laser Sheen® Dazzling Shine & Detangler.

**CAUTION:** For external use only.  
Keep out of reach of children.
