

Show Horse Paste by Oral-X

Provides two applications of the essential amino acid L-Tryptophan along with Magnesium and Vitamin B-6 to improve its effectiveness. Designed to fit the guidelines of various associations, herbs such as valerian root have been left out.

INGREDIENTS:

Per ½ Tube (17g)

L-Tryptophan (Min.) 2.0 g

Magnesium (Min.) 200 mg

Vitamin B-6 (Min.) 25 mg

INGREDIENTS: Water, L-Tryptophan, Magnesium Amino Acid Chelate, Vegetable Oil, Sorbic Acid (Preservative), Xanthan Gum, Natural Flavor, Pyridoxine Hydrochloride (Vitamin B-6), Red 40

DIRECTIONS: Feed contents onto back of horse's tongue. Amount is determined by one mark on the plunger for every 200 lbs. of body weight. Each tube contains 2 applications for an average adult horse

Feed 2 to 4 hours prior to competition, event, or transporting. Use as a source of L-Tryptophan, magnesium, and Vitamin B-6 to maintain a calm and focused composure without causing drowsiness.
