

# EquiShure<sup>®</sup>

Time-released hindgut buffer

EquiShure promotes normal equine digestive function by aiding in the maintenance of an optimal hindgut environment.

## FEEDING DIRECTIONS

Top-dress on grain. For best results, divide equally among grain meals.  
(1 scoop=30 g)

Weight of Horse		300 kg (660 lb)	500 kg (1100 lb)	600 kg (1320 lb)
Grain Intake	Forage Source	Amount of EquiShure per day		
Low to Moderate	Mostly Hay	30-60 g	60-90 g	90-120 g
Low to Moderate	Mostly Pasture	30-60 g	60-90 g	90-120 g
Moderate to High	Mostly Hay	60-90 g	90-120 g	120-150 g
Moderate to High	Mostly Pasture	90-120 g	120-150 g	150-180 g

## INGREDIENTS

Monoglycerides, sodium bicarbonate, hydrogenated vegetable oil.

## GUARANTEED ANALYSIS

Fat Min. 35%  
Sodium Min. 16%

Lot No: K1718220 29661  
Manufacture date: 01JUL2017  
Best before: 01JUL2019

## STORAGE

Reseal lid  
during storage.  
Store in a cool,  
dry, odor-free  
place below  
32° C (90° F).
