

# RiteTrac™

## Digestive tract support

RiteTrac combines fast-acting antacids and coating agents for the stomach with EquiShure®, a time-released hindgut buffer, to support the horse's total digestive tract health.

### DIRECTIONS FOR USE

Administer 120 g per 500-kg (1200-lb) horse. RiteTrac may be given orally or added to horse's daily grain ration. For best results, divide between grain meals. Enclosed scoop = 60 g

### INGREDIENTS

Sodium bicarbonate, hydrogenated vegetable oil, aluminum phosphate, calcium carbonate, dihydroxyaluminum sodium carbonate, lecithin, monosodium phosphate, flavor.

### CAUTIONS

If animal's condition worsens or does not improve, stop administration of product and consult your veterinarian.

### WARNINGS

#### FOR EQUINE USE ONLY

Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately.

This product should not be given to animals intended for human consumption.
