

RECOMMENDED USAGE: Chew Stop™ Aerosol is formulated for application to wood fences and other surfaces to break horses of the wood-chewing habit. Required frequency of application will be dependent on the temperament of the horse, length of the habit, climatic conditions and the type of surface. Use Chew Stop™ Aerosol to protect fences, corrals, stalls, mangers, gates, posts and trees; also to keep horses from biting and chewing blankets and bandages. Chew Stop™ Aerosol has not been tested on vinyl fencing.

EASY TO APPLY
SHAKE WELL BEFORE USING

Directions: Remove protective cap and apply Chew Stop™ Aerosol generously to all surfaces within reach of your horse. Spray from a distance of 4 to 6 inches. Remove animals from stalls during application. Chew Stop™ Aerosol may be applied to the bark of mature trees. It will not stain or discolor white wood fences. Repeat application to problem areas as necessary until your horse forgets his habit.

Coverage: One 12.5 oz. can will cover approximately 35 sq. ft. of unpainted surface and 53 sq. ft. of painted surface.

Note: When applying Chew Stop™ Aerosol to blankets or bandages, do not apply to surfaces that may come in contact with the horse's skin. Chew Stop™ Aerosol may cause blistering under certain conditions when contact with the skin occurs. **KEEP OUT OF REACH OF CHILDREN.**

DANGER! EXTREMELY FLAMMABLE. Do not spray near heat, sparks or open flame. Vapors will accumulate readily and may ignite explosively. Keep area ventilated during use and until all vapors are gone. **DO NOT SMOKE** — Extinguish all flames, pilot lights and heaters — turn off stoves, electric tools and appliances, and any other sources of ignition. **CONTENTS UNDER PRESSURE.** Avoid prolonged exposure to sunlight or heat from radiators, stoves, hot water and other heat sources that may cause bursting. Do not puncture, incinerate, burn or store above 120°F. Do not discard empty can in home garbage compactor. In case of eye contact, flush thoroughly with large amounts of water for 15 minutes and get medical attention. Should skin contact occur, wash thoroughly with soap and water. In case of respiratory difficulty, provide fresh air and call physician.

VAPOR HARMFUL: Avoid repeated or prolonged contact with skin or breathing of vapor. Use only with adequate ventilation. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal.

ACTIVE INGREDIENT: Aromatic Hydrocarbons and Cinnamaldehyde.

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.
