PORTION OF PROCEEDS DONATED TO MARINE  
CORPS ASSOCIATION & FOUNDATION

NET CONTENTS 10 FL OZ (296 ML)

"Horse Grease" is a natural, safe and effective way to stop equines from chewing on wood, bandages, trailers, trees and tails. Made from all-natural food grade ingredients and infused with the active ingredient, capsaicin. "Horse Grease" is rated approximately 8,000 on the Scoville Heat Scale- about the same as a chipotle pepper. When used as directed it is guaranteed to stop horse chewing in it's tracks!

ACTIVE INGREDIENT: CAPSIACIN 1.0%  
INERT INGREDIENTS: 99.0%  
TOTAL: 100%

## DIRECTIONS FOR USE

Using GLOVES apply wherever horse is licking, chewing, cribbing or wind sucking. While "Horse Grease" has been scientifically proven to work, results may vary.

## PRECAUTIONARY STATEMENTS

Seal lid tightly and keep out of reach of children.

**Do not apply without gloves! May burn eyes or skin.**

In case of accidental contact wash with cold water immediately. If burning persists seek medical attention.

**ILLEGAL TO USE IN A MANNER INCONSISTENT WITH LABELING. READ ENTIRE LABEL PRIOR TO USE.**
