B-Calm™

Specially Designed to Calm the Equine Athlete Without Affecting Performance

Specially formulated for any equine athlete to assist in managing the situational stress associated with a competitive environment.

Around the barn, in the show ring, trailering, trail riding, and on the track the very palatable Tenda B-Calm paste utilizes the essential amino acid L-Tryptophan to aide every horse in maintaining focus to achieve their optimum performance.

Directions: Administer 1-30 cc tube 4-6 hours prior to the event. If required, 1-30 cc tube may be administered the night before the event. Do not exceed 2-30 cc tubes in a 24-hour period.
