INGREDIENTS

Vegetable fat (preserved with mixed Tocopherols), ground flaxseed, vitamin E supplement, l-ascorbyl-2-polyphosphate, biotin, artificial flavor, active dry yeast, dried *Aspergillus oryzae* fermentation solubles, dried *Bacillus licheniformis* fermentation solubles, dried *Bacillus subtilis* fermentation solubles, dried *Bacillus amyloliquefaciens* fermentation solubles, dried *Trichoderma longibrachiatum* fermentation solubles, dried *Enterococcus faecium* fermentation product, dried *Lactobacillus acidophilus* fermentation product, dried *Lactobacillus casei* fermentation product, and dried *Lactobacillus plantarum* fermentation product.

FEEDING DIRECTIONS

Feed Senior Weight Accelerator by top dressing or mixing into the grain at the rate of 2 to 10 ounces per horse daily, depending on the needs of the horse. The enclosed scoop holds about 1 ounce of Senior Weight Accelerator by weight.

Introduce Senior Weight Accelerator into the diet gradually over a two week period to minimize the chance of loose stools. If loose stools should occur, decrease the amount being fed until the horse adjusts to the supplement.

Provide fresh, clean water at all times.
