

# Total Tendon Repair

Studies have shown that ingredients in Total Tendon Repair have been proven in:

- Normalizing Tendons & Ligaments
- Supporting the healing process
- Support alignment of tendon fibers
- Support strength and elasticity
- Support healthy tendon and ligament formation in growing colts
- May reduce discomfort and inflammation associated with tendons and ligaments

Directions for use:

Administer one 0.6 oz scoop per day or as directed by your veterinarian.

Dosage may be increased to 2 scoops per day as an early response. May be used ½ scoop per day for growing colts.
