

MCTARNAHANS

SWEAT

Recommended as an aid in reducing enlarged joints, swellings and inflammation and as an aid in the temporary relief of minor soreness and stiffness caused by overexertion.

Net Contents: One Pint (16 fl oz.)

PRODUCTS WITH A
WINNING TRADITION

DIRECTIONS:

SHAKE WELL BEFORE USING. Clip hair on area to be treated. Apply freely, rub in thoroughly for at least 10 or 15 minutes. Bandage by using a layer of cotton, then cover the cotton using oil of corn silk or corn oil, and then wrap with bandage.

A SWEAT is to be used and is always indicated where you find fever, soreness and swelling. A tightener should be used as a follow-up treatment.

For shoulder or back soreness, massage SWEAT in well from 15 to 20 minutes, cover with a folded or heavy blanket to keep as warm as possible.

The above treatments may be repeated twice a day, as needed. This SWEAT will not blister.

ACTIVE INGREDIENTS:

Iodine 2.5%, Potassium Iodide 2.0%, Isopropyl Alcohol 12% by volume. Also contains Glycerine, Propylene Glycol, Menthol, Thymol, Methyl Salicylate, Turpentine Oil, Cedarwood Oil, Phenol, Juniper Oil and Mustard Oil.

WARNING:

Application for several days in a row under wraps may cause blistering of the skin. If excessive irritation develops, discontinue treatment and consult a Veterinarian. Not for use in food producing animals or horses intended for food.
