

Caution: Use only as directed. Avoid contact with the eyes and mucous membrane.

Warning: For veterinary use only. For external use only. Keep out of reach of children.

Active ingredients: Water, Isopropanol, Ammonium Chloride, Potassium Nitrate, Sodium Chloride, Glacial Acetic Acid.

Directions: — Follow carefully: Before applying Kwik, clean area thoroughly of any previously used paints or liniments. Use Kwik full strength. Rub in freely, saturate a thin piece of cotton with Kwik to cover affected area only, then bandage. Do this twice daily for 3-4 days. Air out, then treat once daily while in training.

For stifle joints, shoulders and muscular soreness, rub in Kwik 3-4 times daily. Cover with blanket where possible. For a very invigorating brace, use a 50% solution of Kwik and rubbing alcohol.
