THE HILTON HERBS STORY HOW DID IT ALL START?

In 1989, Hilary our Herbalist formulated a pure herbal supplement to help her husband's horse, Ryan, maintain strong supple joints, healthy connective tissue and optimum mobility.

When local horse owners saw how well Ryan was doing, they asked Hilary to formulate mixes for their own horses' individual needs.

The rest is history, Hilton Herbs was born!

Years later we continue to research and develop innovative new products in response to our customers' needs.

We were the first and naturally we reckon we are still the best!
