

Ingredients: Sunflower oil, silicon dioxide, sucrose, fructooligosaccharide, dried Lactobacillus casei fermentation product, dried Lactobacillus fermentum fermentation product, dried Lactobacillus acidophilus fermentation product, dried Lactobacillus plantarum fermentation product, dried Enterococcus faecium fermentation product, dried Bifidobacterium bifidum fermentation product, dried Pediococcus acidilactici fermentation product, artificial color.

Guaranteed Total Live Bacteria: 20 million colony forming units (CFU) per gram. (Lactobacillus casei, Lactobacillus fermentum, Lactobacillus acidophilus, Lactobacillus plantarum, Enterococcus faecium, Bifidobacterium bifidum, Pediococcus acidilactici).

Moisture max 2.5%

This product is intended for intermittent or supplemental feeding only. **Not for human consumption.**

Directions for Use: Newborns: 1/4 to 1/2 gram at birth; 1/2 gram on day 3, 5 and 7 and at weaning. Hand Fed Orphans: increase to 1/2 to 1 gram on days 7, 14 and introduction to solid food. Post Weaning and Older: 1 gram up to 10 lbs. body weight. One additional gram for each 10 lbs. body weight up to 50 lbs. Use gel 2 times, 3 days apart. Place in mouth or mix with food.

General Information: Give the indicated amount when an animal first arrives; when traveling (before departure and after arrival); one to two hours after worming; at birth; prior to supplementing or hand rearing of the newborn; at weaning; when dietary changes occur; or as indicated by your veterinarian when animals are treated with antibiotics. If diarrhea or anorexia (loss of appetite) persists, contact your veterinarian.

Storage: Store at room temperature.
