

# exhibitor's™

**QUIC SILVER®** is a whitening intensifier and shampoo for equine hair that optically alters the way light interacts with each hair shaft creating incredible platinum highlights with bold snow white results. **QUIC SILVER** is absolutely stunning on gray and albino coats (silvery highlights), palomino and cream coats (golden highlights); naturally reveals in full intensity every color within the mane, tail and coat while providing deep-cleaning to leave your horse soft, smooth and shiny.

## **QUIC SILVER® Benefits:**

- Creates incredible platinum highlights enhancing white areas
- Used consistently, the optical effects will intensify with each use
- Excellent stain remover, no harsh chemicals or bleaches
- For coats that are equal parts white and color, **QUIC SILVER** is color safe and helps enhance overall brightening effect

## **General Concerns and Precautions:**

**QUIC SILVER®** is gentle and safe with the correct equine pH, however, if your horse has allergies, always pretest for sensitivity. Do not use on open sores, wounds or scar tissue, and avoid the eyes. For external use only.

## **Directions For Use:**

**Please Note:** **QUIC SILVER** will not intensify color if diluted with water or other shampoos. **QUIC SILVER'S** environmentally friendly, low-sudsing formula is easy to rinse at full strength.

**For Best Results:** It is recommended for dirty coats, manes and tails to use **QUIC SHAMPOO** first to thoroughly clean, then use **QUIC SILVER®**. Finish up with **QUIC CONDITIONER** and/or **QUIC SHEEN®**.

1. Remove excess dirt from coat and then thoroughly wet horse.
2. Apply **QUIC SILVER** full strength to mane and tail, working throughout roots of hair.
3. Apply **QUIC SILVER** full strength to sponge or wash mitt and evenly distribute through coat using a circular motion.
4. Allow **QUIC SILVER** to remain in place for 5-10 minutes. (Longer time equals greater effects, 10 minutes is color-safe maximum.) Rinse well.
