

exhibitor's™

QUIC COLOR is a color intensifier and shampoo for equine hair that optically alters the way light interacts with each hair shaft. **QUIC COLOR** is absolutely stunning on chestnuts, sorrels, bays and browns; naturally reveals in full intensity, every color within the mane, tail and coat while providing deep-cleaning to leave your horse soft, smooth and shiny.

QUIC COLOR Benefits:

- Imparts deep, rich color and brilliant highlights increasing natural appearance of coat color
- Gentle cleansing leaves coat soft, smooth and shiny
- Used consistently, the optical effects will intensify with each use
- Excellent stain remover; no harsh chemicals or bleaches

General Concerns and Precautions:

QUIC COLOR is gentle and safe with the correct equine pH, however, if your horse has allergies, always pretest for sensitivity. Do not use on open sores, wounds or scar tissue, and avoid the eyes. For external use only.

Directions For Use:

Please Note: **QUIC COLOR** will not intensify color if diluted with water or other shampoos. **QUIC COLOR'S** environmentally friendly, low-sudsing formula is easy to rinse at full strength.

For Best Results: It is recommended for dirty coats, manes and tails to use **QUIC SHAMPOO** first to thoroughly clean, then use **QUIC COLOR**. Finish up with **QUIC CONDITIONER** and/or **QUIC SHEEN®**.

1. Remove excess dirt from coat and then thoroughly wet horse.
2. Apply **QUIC COLOR** full strength to mane and tail, working through out roots of hair.
3. Apply **QUIC COLOR** full strength to sponge or wash mitt and evenly distribute through coat using a circular motion.
4. Allow **QUIC COLOR** to remain in place for 5-10 minutes. (Longer time equals greater effects, 10 minutes is color-safe maximum.) Rinse well.
