

ACTIVE INGREDIENTS

(per ounce):

L-Tryptophan 1000mg

Thiamine 500mg

Calcium 227mg

Magnesium 142mg

INACTIVE INGREDIENTS:

Brewers Dried Yeast, Corn Starch,

Flaxseed Meal, Stabilized Rice

Bran, Yeast Cultures.

CAUTIONS:

This product contains L-Tryptophan which may be prohibited in certain competitions. Caution must be taken when used on competition horses subject to drug testing. Check with the event sanctioning body for the necessary withdrawal time.

Keep tightly sealed and store in a dry place out of direct sunlight.

AniMed's Via-Calm is formulated to help horses exhibiting nervousness from environmentally induced stress. The combination of l-tryptophan, thiamine, calcium and magnesium promotes a sense of relaxation and mental alertness without drowsiness. Yea-Sacc® 1026 supplies a source of live, naturally occurring beneficial microorganisms for healthy digestion and gut stability. Via-Calm is for use in horses only.

DIRECTIONS FOR USE:

The large end of the enclosed scoop measures 1 tablespoon (approx. 1/2oz). Horses of all classes and ages: 1 to 2 tablespoons per 1000lbs body weight daily, or 2 to 4 tablespoons 1/2 hour prior to an event which may create excitement or stress. Or, as recommended by a veterinarian.

WARNINGS:

For animal use only. Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.
