

Ulc-R-Aid is designed to nutritionally support horses of all ages with gastric ulcers. Ulc-R-Aid's unique formula combines natural supplemental Calcium and Magnesium, commonly known as antacids, with the protective and healing properties of COLOSTRASHIELD.

COLOSTRASHIELD the "natural alternative to pharmaceuticals and antibiotics with no side effects". COLOSTRASHIELD contains over 37 different important natural immune factors and more than 8 growth factors that nutritionally aid in combatting illness while protecting against infection. The growth factors in COLOSTRASHIELD work to repair and reverse the damage caused by disease and stress. DIRECTIONS FOR USE: Horses of all classes and ages feed 1 to 2 tablespoons per 1000lbs body weight daily. Or, 2 to 4 tablespoons 1/2 to 1 hour prior to an event which may create stress or excitement. The large end of the enclosed scoop measures 1 tablespoon (approx. 1/2 ounce)
