

# TRIBUTE® TOUGH AS NAILS®

A pelleted hoof supplement designed to provide beneficial nutrients essential to strong and healthy hoof growth.

**PRODUCT CODE:** 99HOOF

**SIZE:** 11 lb bucket

- **Biotin** – many horses have genetically poor hoof quality. Research studies show improvement in many horses over a period of months with biotin.
- **Calcium** – Involved in cross-linking of hoof proteins. If diet is deficient in calcium, hoof structure can be impaired.
- **Iodine** – Can act as anti-fungal agent at higher levels. Field observations suggest oral iodine may help resolve white line disease.
- **Organic minerals** – Organic sources of certain minerals, especially zinc and copper, are absorbed more readily than inorganic sources. Zinc and copper work with enzymes important in developing and maintaining hoof structure.
- **Methionine/Cystine** – Sulfur containing amino acids, when in the correct balance with other amino acids, can improve hoof quality and growth.

## FEEDING DIRECTIONS:

Topdress 6 ounces (0.37 lb) or one level scoop per day.
