*Creates a Golden Attitude in Performance Horses*

*For Pre-Performance Use*

**Suggested Use:** For the average horse, feed 1-2 scoops twice daily, with a feeding 4 hours prior to event. For late day performances a mid-day feeding is suggested. Effects begin after 1 feeding and peak after 4 to 6 feedings. Dosage may be adjusted according to horse's response (see chart below.) Continue as needed during performance days. 1 scoop = 40 grams.

**Uso sugerido:** Para el caballo promedio, alimentar 1-2 cucharadas dos veces al día, con una alimentación 4 horas antes del evento. Para las actuaciones de los últimos días se sugiere una alimentación de medio día. Los efectos comienzan después de 1 alimentación y pico después de 4 a 6 comidas. La dosis se puede ajustar de acuerdo a la respuesta del caballo (ver tabla a continuación). Continuar según sea necesario durante los días de rendimiento. 1 cucharada = 40 gramos.

Loading Dose Average Horse	Loading Dose Difficult Horse
2 scoops 2x per day	3-4 scoops 2x per day
Maintenance Dose Average Horse	Maintenance Dose Difficult Horse
1-2 scoops 2x per day	2-3 scoops 2x per day

**Caution:** Effects may be profound. Evaluate each individual horse's response to this product prior to performance.
