

AIRACELL™ FREE

Cobalt Free, Iron and Vitamin B Complex with Antioxidants

Net Wt 0.93 lb (420 g)

70 Equine Servings

AiraCell™ Free is a cobalt free formulation of AiraCell™ designed specifically to meet regulatory guidelines for racetrack horses. AiraCell™ Free contains our proprietary Heme-Iron Polypeptide, the most bio-available form of iron available. AiraCell™ Free is fast-acting and effective in supporting iron reserves in red blood cells to help support oxygen transfer in horses. The added support of B complex vitamins and antioxidants helps to improve recovery time. AiraCell™ Free is ideal and highly palatable for horses in training, track horses, and speed event horses.

ACTIVE INGREDIENTS per 6 g

Niacin	250 mg
Ascorbic acid	100 mg
Vitamin E	100 IU
