

INGREDIENTS:

Deionized water, Plant oil based non-ionic surfactants, d-limonene, sodium ethylenediamine-N, N'disuccinic acid (NaEDDS), Peppermint oil.

DIRECTIONS FOR USE:

Spray MOSS Bit Cleaner onto bit and wipe off with a clean cloth until streak free. For hard-to-clean bits let soak up to 5 minutes before wiping. All bits should be washed thorough after cleaning. Safe on all types of metals, leaving a lean, non-toxic, biodegradable, and Eco-friendly clean bit for your horse.
