

SPECTRA THERAPY
**Wearable
 LASERwrap®**

One system - Many applications

- Improves circulation
- Promotes cell regeneration and quick healing
- Improves muscle tone, agility range of motion/speed
- Relieves pain
- Reduces swelling and inflammation
- Raises overall vital energy
- Safe/effective for human and animal applications

Refer to manual prior to use. Easy application: Made of durable, soft and flexible fabric with low profile hook that adheres to loop fabric and cotton. Secure wraps with Spectra Therapy's elastic/Velcro straps, SLIMwrap or stretch wrap, or other bandage or clothing garment. Care instructions: Hand or machine wash separately with mild detergent. Rinse thoroughly and hang or lay flat to dry.

**Wearable
 LASERwrap®**
