

equiFUSE[®] GLEAM[®]

**MOISTURIZER +
SHINE SERUM**

FOR MANES & TAILS

8fl. oz. (237 mL)

MOISTURIZER AND SHINE SERUM FOR MANES & TAILS

GLEAM[®] moisturizing and shine serum is an ultra rich formula created for all equine hair types. GLEAM provides superior, long-lasting shine while rejuvenating root deep. Infused with Macadamia nut oil and Vitamin E to blast through brittle and tangled tresses, GLEAM results in soft, manageable, and healthier manes & tails. This fragrant blend is a clean burst of energy that will refresh and eliminate even the most unpleasant barn odors.

Directions:

For best results, apply a generous amount of GLEAM into wet or dry hair. Massage and work into hair evenly to produce shiny, detangled, and moisturized manes & tails. GLEAM is recommended for daily use and is specifically developed to work in conjunction with the EquiFUSE[®] line.
