REJUVENAIDE™ MAX PELLET

EQUINE FEED SUPPLEMENT

SUPPORTS JOINT AND LEG DEVELOPMENT

ProElite® Rejuvenaide® Max Pellet is an ultra-premium equine feed supplement targeting nutritional support for healthy joint and leg development in foals and growing horses. This top-dress supplement is designed to help promote normal growth and healthy leg development.

FEATURES AND BENEFITS:

- Targeted nutritional support for healthy joint and leg development in foals and growing horses
- Targeted nutrients to support healthy joint and tendon development
- Concentrated source of vitamins and organic trace minerals essential for growing horses
- Added flaxseed as a source of Omega 3 fatty acids
- Peppermint flavored to enhance palatability
- Easy-to-feed pellet form

FEEDING DIRECTIONS:

Provide 1 scoop* of Rejuvenaide® Max Pellets per 300-pounds or 2 scoops of Rejuvenaide® Max Pellets per 600-pounds body weight per day.

*Each rounded scoop weighs 20 grams.
