

CITRONELLA

Spray

Nature's Effective Protection

NATURAL EXTRACTS | OIL INFUSED | CONDITIONERS

"Infused with Nature's Goodness", Healthy HairCare Citronella Spray helps control and protect horses naturally and effectively against nature's pesky nuisances. Evidence proves Citronella Oil, along with Lemongrass, Peppermint and Eucalyptus are effective and natural in their control and protection. An additional blend of lanolin and conditioners make hair more manageable, easier to detangle and control.

- Naturally control and protect with Citronella, Lemongrass, Peppermint & Eucalyptus essential oils.
- Conditioners repair and protect coats, manes and tails.
- Fresh and aromatic scents leaves horse protected and smelling clean.

Directions: Shake Well. Liberally spray onto horse, then comb or brush through coats, manes and tails for maximum benefit. Wipe onto face, around eyes and other sensitive areas with hands, a soft brush or a non-absorbent cloth. Cover the entire horse completely for maximum protection. When spraying, protect horse's eyes and mucous membranes. Citronella Spray should be reapplied if horse is exposed to prolonged periods of rain, worked into a heavy sweat or lather. For added protection for your horse we recommend shampooing first with Healthy HairCare's Citronella Horse Wash.

Ingredients: Aqua (Water), Cymbopogon Nardus (Citronella Oil), Mentha Piperita (Peppermint Oil), Cymbopogon Flexuosus (Lemongrass Oil), Eucalyptus Globulus Leaf (Eucalyptus Oil), Lanolin Oil, Nonionic Surfactant, Preservative.

Keep out of reach of children. Avoid eye contact. If product gets in eyes, rinse them thoroughly with water. Do not spray in eyes or mucous membranes. Not intended for use on humans.
