

Administer  
**90 minutes**  
prior to  
performance.

**Net Wt:**  
**2.1 oz (60cc)**

**Perfect Prep EQ™**

**PRIME<sub>2</sub>**

**Advanced Quick-Acting  
Equine Calming Formula**

PERFECTPRODUCTS 

**Suggested Use:** For maximum effect administer one full tube (60cc) 90 minutes prior to performance. Effects begin within 1 hour of administration and last up to 6 hours. Administer carefully to assure swallowing. Adjust for desired effect. Two syringes within a 12 hour period is usually sufficient. Flows best at room temperature. Compatible with any Perfect Prep EQ™ formula.

**Uso sugerido:** Para un efecto moderado, administre media jeringa (30cc) 90 minutos antes de la actuación. Para obtener el máximo efecto, administre un tubo completo (60cc) 90 minutos antes de la actuación. Los efectos comienzan dentro de 1 hora de la administración y duran hasta 6 horas. Administrar con cuidado para asegurar la deglución. Fluye mejor a temperatura ambiente. La administración de 2 jeringas en un período de 12 horas generalmente logra el efecto deseado. Compatible con cualquier fórmula Perfect Prep EQ™.

**Active Ingredients per 60cc:** CB237™ (a proprietary blend of Thiamine, Inositol, B6, Riboflavin, Magnesium and L-Tryptophan) and METAtonin™ (a proprietary blend of Saffron, Sodium Copper Chlorophyllin and Melatonin) (17,290 mg). **Inactive Ingredients:** Ascorbyl Palmitate, Citric Acid, Coconut Oil, Maltodextrin, Methylparaben, Mixed Tocopherols, Natural & Artificial Flavors, Silicon Dioxide, Soybean Oil, Soy Lecithin.

**Disclaimer:** This product is not warranted for any specific use including permissibility. Perfect Products or its sellers shall not be liable for consequential, special or indirect damages resulting from use of this product. Notice: Confirm permissibility with your governing organization prior to use. Note: Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

**Warnings:** Consult your veterinarian prior to exceeding recommended dosage. For animal use only. Keep out of reach of children. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption. **Not for human use.**
