Hoof
MOISTURE™

Hoof Dressing and Conditioner
Contains Lanolin & Vitamin A

Healthy HairCare's Hoof Moisture™ supplies the hoof with Lanolin and Vitamin A. Replenishing moisture to dry, brittle, cracking and breaking hooves is essential to repair and prevent damage. Climate, bedding and show hoof polishes can strip moisture from the hoof.

Use Healthy HairCare's Hoof Moisture™ to work against those damaging elements. Healthy HairCare's Hoof Moisture™ is clear and free of harsh dyes and will not stain white hair or legs.

Use Healthy HairCare's Hoof Moisture™ as a show polish to safely highlight the hoof to a natural shine. Healthy HairCare's Hoof Moisture™ is Alcohol Free.

Directions: Healthy HairCare's Hoof Moisture™ can be applied to a wet or dry hoof. Apply generously to the hoof, frog and sole. Paint heavier amounts directly on cracks or damaged areas. *Daily application is recommended for best results.*
