UNTIE®

Tying-Up • Muscle Soreness • Pre-Eventing

RECOMMENDED BY VETERINARIANS FOR OVER 40 YEARS

From "tying-up," to muscle soreness, and even pre-eventing; **UNTIE**® is designed to aid the body with: decreasing inflammation, speeding up recovery time, increasing flexibility in performance situations and so much more.

UNTIE® is a blend of multisource free radical scavengers, minerals and vitamins formulated to properly fuel metabolic pathways involving energy production.

UNTIE® aids the muscle systems of the body in proper expenditure of energy by providing bioavailable sources of nutrients for muscle and biochemical function.

DOSAGE:

2-5 Scoops / day (1-3 hrs. before work)

**THIS PRODUCT IS SAFE
FOR CONTINUOUS USE**

INGREDIENTS:

Calcium amino acid chelate, magnesium amino acid chelate, water-soluble vitamin E, potassium amino acid complex, calcium carbonate (USP Grade), zinc amino acid chelate, magnesium oxide (USP Grade), copper amino acid chelate, organic iodine supplement, vitamin B6, micro-encapsulated probiotics supplement, peppermint extract, silica powder, DL methionine, chromium amino acid chelate, and selenium amino acid chelate.

Guaranteed Analysis

Calcium (Ca)	5.4% - MAX 6%
Magnesium (Mg)	5.9% - MAX 6.5%
Sodium (Na)	0% - MAX 0.25%
Potassium (K)	73,480 ppm (MIN)
Copper (Cu)	22,220 ppm (MIN)
Vitamin E	18,181 IU/LB. (MIN)
Selenium (Se)	46.2 ppm (MIN)
