

# ***TENDON-TIGHT***

## **A Superb Leg Brace and Tightener**

### **Directions for Use:**

1. Mix 1 tbls. of **Tendon-Tight** with 1 tbls. D.M.S.O. Stir with a short bristles brush until a smooth paste forms.
2. Apply by rubbing briskly to injured area.
3. Cover injured area with a linen cloth, wrap over this with a quilted stable cotten and bandage.
4. Leave on overnight.

- **SUGGESTIONS FOR APPLICATION:** Shave area to be wrapped to avoid skin soreness from pulled hair.
- For best results cool injured area with **Equa-Blu** poultice for horses and then apply **Tendon-Tight** for a minimum of 10 days.

**Tendon-Tight** is especially formulated with all natural ingredients and is designed to aid in the prevention of bucked shins, bowed tendons and other ligament problems.

- **When using D.M.S.O. discontinue use 48 hours prior to race.**
